Overview: Situated between Marbella and Estepona is this large family home in need of reform. With South West orientation and sea views this villa is a perfect opportunity for an investor or a family looking to make their own family home. The plot has huge potential to make a much larger garden area and once cleared would give you the benefit of better sea views. The villa itself is in need of a complete reform but with a good architect it could be made into an amazing property. Viewings are highly recommended.
